---

Dear Hiring Manager,

I am writing to express my interest in a position within your organization. I am a recent graduate with a Bachelor's degree in Information Technology, specializing in Multimedia Arts and Animation from National University-Manila. My academic background, combined with hands-on experience in front-end development and UI/UX design, makes me a strong candidate for a variety of roles.

During my internship at BlastAsia, INC., I gained valuable experience as a Front-end Developer Intern. I honed my skills in coding using the Angular framework, ensuring the smooth integration of components, optimizing performance, and maintaining high standards of code quality. Additionally, my role as a UI/UX Designer Intern at Easybus PH INC. allowed me to focus on crafting intuitive interfaces and enhancing user satisfaction through user-centric design.

As a freelancer, I have worked on various digital arts, posters, and illustrations projects, transforming ideas into visually stunning and personalized creations. My proficiency in digital drawing, web design, graphic design, and various design tools such as Blender, Canva, Figma, and Webflow, along with my knowledge of HTML, CSS, PHP, and the Angular framework, positions me well to contribute effectively to your team.

Furthermore, my capstone project, titled "Tara Laro: A 3D Animation Showcasing the Filipino Traditional Games," helped me gain experience in 3D animation using Blender. Despite having no formal coursework in this area, I was able to learn through attending seminars and watching tutorials. This project underscored my ability to quickly adapt and learn new skills, highlighting my eagerness to explore and my capacity as a fast learner.

I am particularly drawn to your organization because of its reputation for innovation and excellence. I am eager to bring my creativity, problem-solving skills, and adaptability to your team, contributing to innovative solutions and impactful designs.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and experience align with the needs of your team. Please feel free to contact me at your earliest convenience to schedule an interview.

Best regards,

**Jayson Oquias**
